LETTER WRITING
Is what you make it—far better or worse! If you write on cheap flimsy paper you are no welcome correspondent. If you use a substantial and stylish writing paper—one that is easy to write upon and always correct, you create a good impression and please your correspondent. Letters written on bad paper are seldom saved—they convey none of your personality. A good up-to-date paper is just as essential as the composition of a letter. All

Eaton's Fine Papers
Can be entirely depended upon—the sizes, the styles, the prices and the manufacture are strictly correct. Come in and see them. If not satisfied—your money back.

—This is the week of the races at Titusville and quite a bunch of this community's citizens will be among the attendants no doubt.
—A slackening up on drilling operations is reported to be general in this section because of the downward tendency of the oil market.
—Postmaster D. S. Knox has just completed a porch on his residence on Bridge street, which greatly improves the appearance of the property.
—George Osgood killed a four-foot rattler on the headwaters of Otter creek, in Hickory township, last week, the first one ever found in that latitude.
—Edinboro Normal offers favorable surroundings, fine equipment, and able instruction to her students. Catalogue free. John F. Bigler, Principal. If
—J. A. Adams is rebuilding the kitchen addition on his residence on Elm street, enlarging it to two stories, which will give him much additional room.
—The trout fishing season expires with next Saturday, but it doesn't matter much, the streams are so smucky these days that few have the nerve to venture near enough to land a trout.
—FOR SALE—Two bay horse colts, three and four years old; weight 1,000 lbs. each, will be 1,200 lbs. when grown. Well broken to drive single or double. Call on Jacob E. Wagner, river hill, Harmony township.
—The Hulin Co. got a good producer in their No. 6 well on the Robinson tract, in the McKee field, which was finished and shot yesterday. They will drill another at once. Lowe & Co. are rigging up for a well on the McKee and the Proper Oil Co. are at work on a well on the Keller lot.

—C. A. Kline of Newmansville, who was employed as a tool dresser on the well being drilled for Lowe & Co. on the Bowman lands near Muzette, had two bones broken in his right hand by getting it caught in the sand pump last Friday. Dr. Lee O'Dell of Tylersburg treated his injuries.

—J. D. Wentworth and family desire to return thanks to the neighbors and friends for kindness and sympathy shown them during the illness and after the death of their mother, Mrs. J. H. Wentworth. They also return thanks to the unknown donor of the bouquet of beautiful flowers at the funeral.

—A recent visitor said that "In location environment, healthfulness and splendid buildings, the Lock Haven Normal School was unsurpassed in the entire state." This is high praise but he might have added that in scholarship and in equipment the school is also in the front rank. Write for a catalogue.

—The well on the Kelly lease in the southern end of Tionesta twp., mentioned in these columns last week, was shot and tubed a few days ago, but has not been pumped yet, so that it is not known what it will produce, but it is thought to be good for six to ten barrels. The operators are Frill, Weber & Co., of Tylersburg.

—Guy Hecker, who is in charge of the President Hotel, is prepared to entertain guests, supplying them with meals, lodging, boats, bait, etc. The members of the President Country Club, which has leased the hotel property, reserve a number of rooms, but the others may be had by Mr. Hecker's guests.—Franklin News.

—Campbell's Varnish Stains are the original and only real Varnish Stains ever offered to housekeepers. They work like colored varnish, producing beautiful effects without obscuring the grain of natural woods. Bovard's Pharmacy sells this line. For sale in Kellestville by Frank E. Harkless and Mrs. M. Andrews.

—Mrs. S. S. Canfield fell down a few steps of the stairs at the home of her daughter, Mrs. G. T. Anderson, last Wednesday, injuring herself quite severely. A bone was broken in her right elbow and she also sustained a cut in her forehead. Dr. Bovard dressed her injuries, which will not prove to be dangerous.

—The extensive plant of McCormick Lumber Co., at McCormick, Lewis county, Washington, was fire swept on the 5th inst., entailing losses estimated at nearly \$200,000, but which was well covered by insurance. Messrs. J. E. Wheeler and E. S. Collins, former Forest county citizens, are members of the McCormick company.

—The Lock Haven Normal School has graduated 2,200 students and has educated 2500 other young people who are now successful men and women. It has a splendid record for thoroughness, discipline and healthfulness. Lock Haven is situated almost in the centre of the beautiful West Branch Valley. It is easily accessible. Write for a catalogue.

—An eighteen months old child of Mr. and Mrs. Mike Yonder, of Brookston, was so badly burned Monday afternoon by its clothing catching from a bonfire that it died shortly after being burned. The body was taken to Warren Tuesday for interment. This is one of those distressing accidents that cause everybody to sympathize with the parents.—Sheffield Observer.

—The advertisements in the newspapers of this age of the world are filled with news just as much as are telegraph columns. They are changed frequently and contain news of bargains that merchants have to offer. If you don't read the advertisements in your paper, you are neglecting not only what is of interest, but also what is valuable in dollars and cents. Read all the ads.

—The U. S. Civil Service Commission announces that on Saturday, August 7th, an examination will be held at Sheffield for the position of postmaster at Lynch, Forest county. The compensation at this office was \$148 last year. Applicants must reside in the territory supplied by the office and be over twenty-one years old. Application forms and full information can be secured at the Lynch and Sheffield postoffices.

—A few years ago frogs were used by so few persons and therefore hunted so little that 50 cents a dozen for large ones was considered a good price, and it was no trick at all for a couple of frog hunters to bring in a hundred or two for a night's work. Now pretty much everybody eats frogs who can get them, and the price runs anywhere from a dollar to two dollars a dozen, with the stock low in the streams and ponds and getting lower all the time.

—The Kellestville ball team will be here this afternoon for a game with the best team Tionesta can scrape together on short notice. The Kellestville boys are coming with their spurs on and expect to win. Our own "Billy" Bankhead will "put them over" for Tionesta, which means that the up-creek ball sports will have to step lively if they get away with the game. Tionesta will have an all-home team in the field and will pin their faith to them. Game called at 3:30. Don't miss the fun.

—Paul E. Shoemaker, who has been superintendent of the Wheeler, Aylesworth & Co. saw mill at Endeavor for a number of years, has resigned his position there to accept a similar one with the Central Pennsylvania Lumber Co. at Williamsport, Pa. Mr. Shoemaker is a capable business man and we predict will fill his new position acceptably to his employers. Mr. and Mrs. Shoemaker have made many warm friends at Endeavor, whose best wishes for success will go with them to their new home at Williamsport, where they expect to remove shortly after August 1st.

—The Franklin News of Monday gives an account of a deal in watermelons in which grocer Wm. N. Feit, who is a son of Rev. R. F. Feit, of this place, was the principal actor. Grocer Feit received a car load of melons Saturday and started selling them at 20 cents each. A competitor cut the price to 15 cents, and Billy made it 10 cents. The competitor dropped to 9 cents and Billy met this by making it 6 cents, where the price stuck. When the word got over town that Grocer Feit was selling real watermelons for 5 cents a piece people began flocking to his store and colored citizens began rolling down off the hills. He sold 1,037 melons and says he didn't have within 500 of enough to supply the demand. He lost money on the lot but it proved to be a good advertisement.

—The Forest Gas Co. has two new wells ready to shoot today on the Lucy lease, in Green township, both of which are showing up for good oil producers. The shooter passed through here this morning on his way to the wells.

—Notices are being sent out by Secretary Kalbfus of the Game Commission calling the attention of the wardens to the fact that while the new law denying foreign born residents the right to own firearms went into effect May 1st, the commission desires to be fair in the matter and no prosecutions are to be brought against the foreigners until a reasonable time after the notices telling them of the law shall have been posted. These notices were delayed in printing, and are only now being sent to all parts of the state.

—The U. S. civil service commission announces that an examination will be held at Kellestville, Pa., for the position of fourth class postmaster at Nebraska, Pa., on Saturday, August 21, next. The compensation of the postmaster at this office was \$386 for the last fiscal year. Applicants must reside within the territory supplied by the post office. Application forms and full information concerning the requirements of the examination can be secured from Nebraska post office or from the U. S. Civil Service Commission, Washington, D. C.

—The Ramsey general store at Utica, Venango county, was entered by burglars Thursday morning, supposedly by two tramps who were noticed loitering about the railroad station the previous evening. They were evidently after cash, but secured only 80 cents from the cash drawer and \$1, which belonged to the anti-horse thief association, and had been deposited in the safe by the treasurer of the association. H. E. Ramsey, brother of Mrs. G. G. Gaston of Tionesta, is manager of the store, and although his residence is next door to the store, he did not hear the glass crash as the thieves smashed in a window to gain entrance. Nothing else was disturbed in the store.

—Some of the boys are telling a good snake story on Henry Grubbs, which we give for what it is worth. A few days ago while driving a mowing machine for G. E. Gerow, on the John Fitzgerald farm, near Hunter Station, the machine clipped the head off a big copperhead snake. Shortly after this while running the same machine on one of the islands near that place he discovered another big copperhead. Getting out his whip he hurried the horses, caught up with the snake and cut off its tail after three trips around the field, and on making three more trips cut off its head. Now that's surely "going some," even for a snake story, and Henry says there's more ways of killing a snake than with a club.

—A pathetic coincidence is furnished in the tragic deaths last week of John W. and Homer Beck, cousins. The former was aged 30 years and was killed in a rear-end collision on the Pittsburgh, Fort Wayne & Chicago railroad, near Wooster, O., on the morning of Tuesday, July 20, and Homer Beck, aged 21, was fatally injured in a rear-end collision of traction cars near Monarch park Oil City, on that same date, and within a few hours of the same time. Homer was the son of George Beck and John the son of Jacob Beck, brothers, who were born and reared near Venus, in Clarion county, as were also Homer and John. The interment of the two men took place Thursday afternoon in the Lutheran cemetery at Venus. An immense concourse of friends and neighbors was present at the obsequies.

—State Fish Commissioner W. E. Mehan was in the city over night on his way to Meadville. Yesterday Mr. Mehan attended a meeting of tannery men at Ridgway, at which the Elk Tanning Company, the largest concern of the kind in the world, operating fifty tanneries, the Mosser Company, and others were represented. The meeting was held for the purpose of devising means to do away with the pollution of streams by the waste from tanneries, and it would appear from Mr. Mehan's report that this much to be desired result would soon be attained. The experimental plant constructed at Stoneham has proven quite successful and is self-supporting. Mr. Mehan also informed the Leader that the large paper mills at the head of the Clarion river in Johnsonburg had been given three months in which to equip their plant in a manner to avoid the pollution of this important waterway.—Corry Leader.

—The annual camp-meeting of the Oil City district, Oil City conference, of the Free Methodist church, will open at Centinella, tomorrow, July 29th, and continues to Sunday, August 5th, inclusive. The meetings will be in charge of Rev. M. B. Miller, D. E., and the local pastor, Rev. C. E. Weaver. Among the prominent ministers who are expected to be present are Bishop W. A. Sellow, of Jamestown, N. Y., Rev. S. K. Wheatlake, of Urbana, Ill., Rev. J. P. Brodhead, of Fair View, Africa, and Rev. A. D. Zahniser, of Blairsville, Pa. In addition to these all the ministers and evangelists of the district will attend and lend their assistance to make it one of the best camp-meetings ever held. Those from Tionesta who have engaged tents for the meeting are the families of Rev. E. L. Monroe, H. M. Foreman, J. G. Bromley, A. E. Daniels, Mrs. Anna Bradbury and Lewis Whitton, R. W. Moon, M. L. Rhodes, W. E. Magee, and Mrs. G. F. Watson. From Newmansville, Mrs. John Hinderer and Mrs. Joseph Allio.

—Saturday afternoon about 3:30 o'clock W. S. Belford, telegraph operator employed by the P. R. E., shot and killed himself at the old Downey block on Seneca street, Oil City, while under the influence of drink. The suicide was a married man and had his residence at Ridgway, where his wife and two sons were at the time. Being infatuated with a lady telegraph operator who had been his pupil, but who utterly refused his attentions, he had gone to her boarding house while intoxicated and attempted to batter the door down to gain admittance to her room. A policeman was summoned, and when the officer started up the stairs to arrest Belford, he was fired at twice by the operator. When the chief of police arrived and Belford found further resistance useless, he turned the revolver upon himself, sending a bullet through his brain, from which he died a few minutes afterward. Belford was aged about 39 years, and had held responsible positions with railroad companies before contracting the drink habit. The young lady operator is Miss B. H. Smith, of Wyattville, Venango county, and is highly respected.

—Mr. and Mrs. S. C. Johnston returned Thursday from their visit in Pittsburgh. They were accompanied by Mrs. Stephen Johnston, son and daughter, who will remain here for an extended visit.

—Mr. and Mrs. W. H. Stiles and children and Mr. and Mrs. W. O. Fuelhart and children, of Endeavor, are enjoying a month's pleasure on Chautauque Lake, occupying a cottage at Cheney's Point.

—W. C. Imel attended a conference of the agents of the Allegheny Valley Division of the Pennsylvania Railroad in Oil City, Friday afternoon, the first since the re-divisioning of the road. The men were entertained at dinner at the Arlington. Many matters of importance were discussed, followed by an address by Supt. James Buckalew.

—The relatives who are here to attend the funeral of the late S. S. Canfield are, Mrs. John Conway and sons Thomas, Joseph and Emmett, of Titusville; Mr. and Mrs. H. H. Bruner and daughter Mary, of Oil City; Mrs. F. R. Thomson and sons LeRoy and Robert, of North Baltimore, Ohio; Mr. and Mrs. H. S. Canfield and daughter DeFrance, of West Hickory.

—A marriage license was granted yesterday to Mr. George M. Dunkle of Clarion, and Miss Clara Wolfe, daughter of ex-Commissioner Andrew Wolfe, of Tionesta twp. We learn that the wedding is to take place this, Wednesday, afternoon at 3 o'clock, at the home of the bride-to-be, with the immediate families and a few intimate friends of the contracting parties as the only witnesses of the happy event.

—Prof. F. W. Gill, Mrs. Anna Osgood, Miss Katharine Osgood and Miss Blanche Pease went up to Chautauque last Friday to attend two musical attractions, Mendelssohn's "Elijah," on Friday evening, and the concert by the New York Symphony Orchestra under the direction of Walter Damrosch, on Saturday afternoon. The latter is considered the most important musical event of this season and fully fifteen thousand people were in attendance.

—Announcements have been received here of the marriage of Miss Elizabeth Pratt Davis and Mr. Alger Chalmers Whitcraft, which took place at West Chester, Pa., July 29, 1909. Miss Davis will be pleasantly remembered by many friends here, as well as the teachers throughout the county, as having been one of the instructors in the Forest County Summer Normal during the summer of 1907, all of whom will unite in wishing her a full measure of happiness.

—Jacob Weaver, one of Clarion's popular hotel landlords, was the guest last week of his nephew, C. F. Weaver, leaving here Monday for Titusville to finish his visit with other friends and relatives. Mr. Weaver was a resident of Tionesta forty-three years ago, being then a cooper by trade and an employe in the barrel factory of Holmes & Kelly, located at the mouth of the creek, near the old Tionesta House, since burned down. Mr. Weaver finds no trace left of the old stove mill and barrel works, where he spent a year or two of his younger days, made big wages and enjoyed life to the full extent. This industry flourished during the years of 1864-5. Not many of the citizens of those days are left in Tionesta, but he found a few.

RECENT DEATHS.

CANFIELD.
Samuel Shelton Canfield was born in West Falls, N. Y., Dec. 3, 1845, and died at the home of his daughter, Mrs. G. T. Anderson, in Tionesta, Pa., at 8:30 a. m., July 29, 1909. He was a son of S. S. and Lucy A. (Gouchis) Canfield, both deceased. When the clouds of the Civil war settled over our country our subject was engaged in farming. He was but 17 years of age when he was enrolled Dec. 2, 1862, as a private in Co. H, 100th N. Y. V. I., 1st Brig., 1st Div., 24th A. C., and before the close of service on the field of battle had attained the rank of sergeant. At the first charge on Ft. Wagner he was wounded in the back by grape shot, for which he was treated in the field hospital one month; he was again wounded at Drewry's Bluff through the right thigh by a minie ball; he was taken to the hospital at Fort Lookout two months, and then at Buffalo till March 1, 1865. Passed a general inspection at Richmond, Va., through company, brigade, division and corps, and was granted a thirty day furlough for being nearest a model soldier of his command, and received a recommendation from general down to captain, who were all inspecting officers; instead of going home he acted as sergeant over provost guard until granted his honorable discharge Aug. 25, 1865. He took part in the siege of Ft. Wagner, Bermuda Hundred, Drewry's Bluff and several others; his record during those trying years of carnage and disaster was one of which to be proud. His brother James also served in the war and never returned.

July 22, 1896, in Venango county, Mr. Canfield was united in marriage with Miss Mary A. Johnson, a native of Glasgow, Scotland, who survives him. Nine children were born to this union, seven of whom survive, as follows: C. J. Canfield and Katharine, wife of G. T. Anderson, of Tionesta; Lucy A., wife of Frank R. Thomson, of North Baltimore, Ohio; Harry S., of West Hickory; Jeannette, wife of Harry H. Bruner, of Oil City; Minnie, wife of Fred C. Davis, and Miss Maud, of Tionesta.

For several years after his marriage Mr. Canfield lived on Oil Creek, while that region was still one of the active centers of the oil industry, and about the year 1880 he moved to Tionesta, having just previous to that date spent a year or so at Tylersburg. Shortly after locating in the borough he established himself in the lively business, achieving marked success in that line by his energy, perseverance and close attention to business. Health failing him he disposed of his business about three years ago and had since lead a retired life. During his long residence in Tionesta he grew in popularity with his neighbors and had been repeatedly honored with election to local offices, having held the offices of constable, collector, assessor, and justice of the peace, resigning the latter office when overtaken by illness. Since its organization he had been an active member of Capt. Geo. Stow Post, No. 274, G. A. R. He was also a member of the M. E. church of Tionesta.

About three years ago he was attacked by kidney trouble and for a time his life was despaired of, but he rallied in a measure and friends hoped for his recovery after being operated upon. The relief was only temporary, however, and about a year ago he went to see the celebrated Mayo brothers at Rochester, Minn., and was there operated upon and again afforded temporary relief. He was tenderly cared for at the home of his daughter, where everything possible was done to make his last days on earth peaceful and comfortable. Death came suddenly and unexpectedly. He had gone to the bathroom and returned unassisted to his bedroom, while his daughter had gone to prepare him a light breakfast. Being attracted by an unusual sound she hurried to him, but life had fled. The unequal battle which the veteran had bravely waged for months was ended, and had gone against him.

Mr. Canfield was by nature one of the most genial and kindly of men, big-hearted and liberal, always ready to lend a helping hand to a fellow mortal and those in want or distress, as many can testify who have known of his quiet benefactions.

Funeral services will be held at the home today at 10 o'clock a. m., conducted by Rev. W. O. Calhoun, assisted by Revs. H. A. Bailey and E. L. Monroe. The remains will be laid to rest in Riverside cemetery.

Bowel Complaint in Children.
When six months old the little daughter of E. N. Dewey, a well known merchant of Agnewville, Va., had an attack of cholera infantum. Chamberlain's Cholera, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in cases of bowel complaint in children and when given according to the plain printed directions can be relied upon with perfect confidence. When reduced with water and sweetened it is pleasant to take, which is of great importance when a medicine must be given to young children. For sale by Dunn & Fulton.

Clarion State Normal School.
The past year of the Clarion State Normal School was the most successful in the history of the institution. Two hundred and eighty five students were recommended to the State Board and all passed. The work was of a high order and elicited favorable comment from those who conducted the examination. The Fall Term will open September 14. For catalogue and full information, write to The Principal, Clarion, Pa.

Help for Those Who Have Stomach Trouble.
After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by Dunn & Fulton. Samples free.

—A circular letter will be sent out to the 4,000 druggists, retail and wholesale, in the state by the live stock sanitary board calling attention to the new act requiring that all tuberculin sold for use in testing cattle within the state shall be reported in writing to the secretary of the live stock sanitary board within one week after each sale. Very few druggists in the state know that such a law was passed. The same law also requires that all tests of cattle made with tuberculin shall also be reported to the board.
